

# 'Water Wise'

## **Chorus**

So we've got to be water wise (water wise)  
And we've got to live happily (happily)  
But if we waste our time (waste our time)  
We won't be healthy and clean (healthy and clean)

## **Verse 1**

We should be waterwise so that our plants stay green  
We need to be waterwise to keep our waterways clean  
Got to turn off taps when they drip, drip, drip  
Got to take short showers and use half flushes (whoooosh!)

## **Chorus**

## **Verse 2**

We should be waterwise when we wash the car  
A bucket of water will go very far!  
Got to turn off taps when we brush our teeth (brush, brush)  
Have a full load when we use our dishwasher (chh -chh, chh-chh)

## **Chorus x 2**

## **Rap section**

Fill up the water tanks with the rain, don't let the water go down the  
drain x 4

## **Chorus x 2**
